The London and Middlesex Archaeological Society (LAMAS) promotes London's archaeology, local history and historic buildings, reviewing applications for listed building consent and seeks to ensure a sustainable future for vital aspects of London's built heritage.

The Committee considered the above Application at its meeting on Tuesday, 21 April 2026

The Committee does not object to the proposal to convert the early 20th-century extension to the original 18th century Southgate House from being an arts hall/gymnasium to a prayer room, but notes with concern that the original (II*) building is in Category A of Historic England's Heritage at Risk Register. The Committee asks the Council to take this opportunity of pressing the applicant to use some of its funds to ensure that the whole building is preserved for future generations.
